Oct 5, 2018

**Aneta Koseva**

has successfully completed the online Specialization

# Engineering Project Management

This Specialization provides the tools to more effectively and successfully manage projects; to give you a solid foundation of knowledge, skills, and confidence that sets you apart and gives you a competitive edge as you move toward leadership positions. It is an introduction to Project Management and is targeted for engineers who are interested in improving their project management skills in a new leadership position or in advance of their first leadership position. (Course Numbers: IP-2017, SCTM-2017, PRQT-2017 | Professional Development Units: 38 | R.E.P Number 4528 )

Tom Phalen  
Lecturer in Engineering Leadership  
Rice Center for Engineering Leadership

Kazimir Karwowski  
Executive Director  
Rice Center for Engineering Leadership

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
