

5 Courses

Introduction to Probability
and Data with R

Inferential Statistics

Linear Regression and
Modeling

Bayesian Statistics

Statistics with R Capstone

Jan 21, 2019

Éva Irén Takács

has successfully completed the online Specialization

Data Analysis with R

To be successful in this specialization, learners have analyzed and visualized data in R and created reproducible data analysis reports, demonstrated a conceptual understanding of the unified nature of statistical inference, performed frequentist and Bayesian statistical inference and modeling to understand natural phenomena and make data-based decisions, communicated statistical results correctly, effectively, and in context without relying on statistical jargon, critiqued data-based claims and evaluated data-based decisions.

Dr. Mine Çetinkaya-
Rundel, Assistant
Professor of the
Practice

Dr. David Banks,
Professor of the
Practice

Dr. Colin Rundel,
Assistant Professor of
the Practice

Dr. Merlise A Clyde,
Professor

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
