

6 Courses

Introduction to Software Product Management

Software Processes and Agile Practices

Client Needs and Software Requirements

Agile Planning for Software Products

Reviews & Metrics for Software Improvements

Software Product Management Capstone

Jun 20, 2016

Patrick RANDRIANJATOVO

has successfully completed the online Specialization

Software Product Management

The recipient of this certificate has completed the Software Product Management Specialization. This achievement required mastering the knowledge and demonstrating the application of Agile practices within software processes, requirements, planning, and improvement to create better software products. The final Capstone course assessed the acquired knowledge and skills in a practical scenario involving product team interactions, which simulated the development of a software product from inception to delivery.
